  o Liz Pohland (staff liaison)

The consent agenda was approved.

CEO Report
Mr. Lyons reported that STC ended its 2014 membership sales with 5860 members, slightly ahead of last year (about 30 people more than last year). We already have 100 people signed up on the 4th day of 2015 membership sales. Membership revenue is strong and well ahead of last year’s membership revenue.

We have a new Education Manager, Kim Kelly.

Since the email about moving to production went out to the SIGs last week, we have had a few of them contact us. Mr. Lyons reviewed current status of which SIGs have moved to the mailman list and STC-hosted sites.

Treasurer’s Report
Ms. Wilson reported on our current financial position. We are doing well on Summit-at-a-Click sales.
Mr. Aschwanden arrived at 9:21 AM.

We are starting the community budgeting and funding process for the fall to prep for the 2015 year. To receive funding, communities must have submitted a 2013 report to the society and proof of 990 filing to the IRS.

*A motion was made that the board approve the July 2014 financial statements. The motion was seconded. The motion carried.*

**Student Liaison Position**
The board discussed guidelines for a possible student/new professional representative position.

**Economic Contribution of Tech Comm Discussion**
Mr. Lyons led a discussion about what STC has done to pursue gathering information about a technical communicator’s contribution to value. Some companies have done this on their own, but do we know of any academic institutions doing research on this?

**Strategic Planning**
Mr. Lyons plans to give us a draft plan to review and offer feedback.

Ms. Brown-Hoekstra adjourned the meeting at 10:29 AM CT.
